

Our Programs

Research

- The annual **Blue Faery Award for Excellence in Liver Cancer Research** honors one researcher who has significantly contributed to advancing the scientific knowledge of liver cancer.

Education

- **Liver Cancer Patient Resource Guides** are free patient education materials created by Blue Faery for patients, caregivers, and healthcare providers.
- **Love Your Liver** is our liver disease and cancer prevention program for at-risk, underserved communities.
- **The Truth About Liver Cancer** hosts live workshops with diverse topics and different speakers to educate the public about HCC.

Advocacy

- The **Adrienne Wilson Spirit Award** recognizes HCC patients who share Adrienne Wilson's spirit, strength, and courage.
- The **Liver Cancer Community** is an online forum open to all liver cancer patients and caregivers.

FIGHTING LIVER CANCER TOGETHER

Blue Faery

The Adrienne Wilson Liver Cancer Association

About Blue Faery

Founded in 2002 in Burbank, California, Blue Faery's mission is to prevent, treat, and cure primary liver cancer, specifically hepatocellular carcinoma (HCC), through research, education, and advocacy. Our work will improve the quality of life for HCC patients, support their caregivers and give them hope, information, and a voice.

Get Involved

DONATE

Your **100% tax-deductible gift** helps us provide *free* programs and services to HCC patients and their families.

JOIN

Our **Liver Cancer Community** is the first online, HIPAA-compliant forum specifically for HCC patients and caregivers.

VOLUNTEER

We are always looking for volunteers to help us fight liver cancer! Learn more at bluefaery.org

About Liver Cancer

- Liver cancer is a leading cause of cancer deaths worldwide, accounting for more than 830,000 deaths yearly.
- The number of new cases of liver cancer is predicted to increase by 55% in the next two decades.
- By 2040, there will be 1.4 million new cases of liver cancer and 1.3 million deaths.
- Hepatocellular carcinoma (HCC) represents ~90% of all primary liver cancers.

Adrienne's Story

When Adrienne Wilson was eight years old, she moved in with her older sister Andrea, whom she called, "Sissy." Andrea became Adrienne's legal guardian, and the sisters lived in Los Angeles. Though she had few symptoms, Adrienne was diagnosed with stage IV liver cancer one month after her 15th birthday. She died 147 days later. Andrea started Blue Faery in honor of Adrienne.

Learn more by reading Andrea's medical memoir, *Better Off Bald: A Life in 147 Days*. Go to betteroffbald.com.

Cancer adds to the story of my individual life. Cancer blessed me ... it hasn't cursed me.

—Adrienne Wilson 1986 – 2001
